QUICK DETAIL OVERVIEW

Available colours

 Green/Red

Product code

RO50500

Size range

9 - 12

Product care instructions

Both new and used gloves should be thoroughly inspected, especially after cleaning and before being worn, to ensure no damage is present. Gloves should not be left in a contaminated condition if use is intended and should be cleaned as much as possible provided that no serious hazards exist before removing from hands.

Excess contamination should first be removed and the gloves dry cleaned or laundered as appropriate. Gloves that are cut, burned or punctured or showing signs of fraying must not be used. If in doubt, do not use and seek professional advice.

Whenever in doubt or in need of advice, consult the user manual or contact us. We are here to help or visit www.roots-original.com/product-care
